Create Artist Page. An employee can enter an artist's name and that name will be added to the database with an auto incremented Artist ID number.

Below we can see the artist has been added with the ID of 289.

Album Page. An employee can view the entire list of albums with the artist associated with them. From here an employee can create a new album, edit, and delete current albums or view the details of current albums.

Create New Album Page. An employee can add a new album by typing the album name and selecting an artist from the drop-down menu. If the artist is not there, then the employee can click "Create New Artist" This will take them to the create Artist page.
